Date : December 15, 2022

## Advertisement for Research Assistant (RA)

**Project:** “Towards sustainable urban water management in Hindukush Himalayan (HKH) Region: a participatory approach to improving water security in mountain cities” with Institute of Forestry, Tribhuban University, Nepal and Bangladesh University of Engineering and Technology (BUET) funded by APN

For the project mentioned above, Ten (10) Research Assistants (RAs) will be appointed to collect water samples, analyze water samples in the lab and conduct a KOBO-toolbox based survey on local community in Mirsharai, Sitakunda and Baroiyarhat municipalities area from January 15 to April 15, 2023.

Interested candidates are encouraged to apply considering the following terms and conditions:

- The applicant should be a current MS or final semester Undergraduate student of Environmental Science or Forestry at the Institute of Forestry and Environmental Sciences, University of Chittagong (IFESCU).
- The student must not be in any full-time or part-time job at the time of the assignment.
- Candidate should have experience in collection, management and analysis of water samples.
- Fluency in English writing and experience in using KOBO toolbox survey app is preferred.
- Experience of using yEd tool and PAST analysis will be a plus.
- Past involvement in collection, organization, and management of data will be considered favorably.

### Remuneration Package:

- The applicant will get Tk. 1000/- per man-day (8-hours) of involvement.
- The applicant will be reimbursed for expenditures incurred for project completion, such as conveyance, stationery, etc.
- The transportation and accommodation related to the field work will be covered from the project.

If you are interested, please send your updated CV to the undersigned by January 1, 2023.
