Date: 24.11.2023

Project: "pH-depedent phyto (*Blumea lacera*) synthesis of silver nanoparticles (AgNPs) and assessment of their cytotoxicity. Anti-inflammatory and anti-microbial properties", funded by the University Grants Commission (UGC) of Bangladesh.

For the project mentioned above, a research assistant is required to support the project's research activities for three months (03 Months, January 2024 to March 2024). Interested candidates are encouraged to apply for Research Assistant (RA) by fulfilling the following terms and conditions:

1. The applicant must be a current research (MS/M.Phil/Ph.D) student of any University in Bangladesh.
2. If the applicant is a service holder must be on study leave, which is not less than the project duration.
3. The applicant must be capable of writing, drafting, and editing necessary documents both in English and Bangla.
4. The applicant must be capable of data input, filtering, and organizing for statistical software.

Remuneration Package:

1. The applicant will get a monthly salary BDT. 11,000/- each month (including tax) for 03 months (A total Salary not more than BDT. 33,000/-)
2. The applicant will be reimbursed for expenditures incurred for project completion, such as conveyance allowances (if it is used for project purposes), stationery, and others.

Interested applicants are invited to apply to the undersigned person for the post of Research Assistant (RA) with a complete CV and all supporting documents mentioned in terms and conditions on or before November 27, 2023.

Dr. Sumon Ganguli

Project Director & Associate Professor,

Biomaterial Research Laboratory

Department of Applied Chemistry and Chemical Engineering

University of Chittagong.
