Vacancy: Research Assistant Recruitment (Multidisciplinary)

JOB TITLE: Research Assistant

DEPARTMENT: Genetic Engineering & Biotechnology

DIVISION: Disease Biology and molecular Epidemiology Research Group

REPORTS TO: Dr. Adnan Mannan

NUMBER of POSITION: 5

JOB SUMMARY

Two molecular epidemiology-based research studies are going on- i) Quality of life of type 2 diabetes patients and ii) antibiotic resistance among children. We are going to recruit Research Assistants, Interns and Volunteers for this study. The studies are funded by Universities grants commission and Ministry of Science & technology.

Responsibilities:

- Interviewing various patients.
- To conduct molecular genetics-based lab-work.
- Conducting statistical analysis.

Requirement:

- The applicant should be a graduate of Life sciences/ Statistics/ Computer science background (especially biotechnology/ biochemistry/ medicine/ pharmacy/ molecular biology/ genetic engineering/ public health/ sociology).
- Applicant should have knowledge on statistical analysis (SPSS/graph-pad prism), questionnaire development and molecular biology-based experiments (DNA extraction, PCR, gel electrophoresis, bioinformatics related software).
- Applicant should have good communication skill.

Deadline of Application: January 21, 2023

Interested candidates are requested to send their cv and a cover letter (mentioning why he/she wants to work in this research study) to the following email: adnan.mannan@cu.ac.bd
